

## **ROLE PLAY REPORT FORMAT**

### **1. INTRODUCTION**

Provide a brief overview of the role play activity.

Include:

- Name of the student/group
- Semester and posting area (e.g., Urban/Rural PHC, Subcenter, School Health Program)
- Relevance of the role play to the Community Health Nursing subject

### **2. DATE AND TIME**

Mention the exact date and time when the role play was conducted.

### **3. VENUE**

Specify the exact location of the role play (e.g., village, school, PHC, Anganwadi center).

### **4. ORGANIZED BY**

Include the name of the student group, semester, and department responsible for organizing the event.

### **5. FACILITATOR/COORDINATOR NAME(S)**

Mention the names and designations of the faculty or coordinators who supervised the event.

### **6. TARGET AUDIENCE**

Specify who the role play was intended for, such as:

- School children
- Pregnant women
- General community members
- Adolescent girls, etc.

## **6. OBJECTIVES OF THE ROLE PLAY**

### **GENERAL OBJECTIVE**

### **SPECIFIC OBJECTIVE**

Clearly state the health education objectives. Examples:

- To increase awareness about hygiene among school children
- To educate rural women on antenatal care
- To promote immunization practices among parents

## **9. SCRIPT SUMMARY / THEME OF THE ROLE PLAY**

Give a brief summary of the storyline or theme. Include:

- Title of the role play
- Main message or focus
- Key scenes or educational content covered
- Relevance to the community
- Brief mention of the public health issue or topic addressed (e.g., tuberculosis awareness, maternal care, sanitation)

List students and the characters/roles they portrayed. Example:

Sr no.	Student name	Role played

## **11. METHODOLOGY / APPROACH**

Describe how the role play was executed:

- Preparation steps
- Use of props or local language
- Engagement techniques with the audience
- Use of visual aids (charts/posters)

## **12. FEEDBACK COLLECTION AND INTEGRATION**

Summarize the community's response:

- What did they learn?
- Any comments or suggestions received?
- Audience interest level or participation observed

## **13. OUTCOME / CONCLUSION**

Explain the outcomes and conclusions:

- Educational value for the community
- Impact on students' learning
- Recommendations for improvement in future activities
